WEDDING BANDS
...AS A SYMBOL OF MY LOVE

Imagine yourself wearing a worn out silver necklace on a beautiful classic black dress. No matter how gorgeous your dress looks, but people will not compliment you because that worn out necklace ruined the grace of the dress and your looks. It is to be noted down that your dress and jewelry should complement each other. You can wear a simple cocktail dress with a defining pearl neck piece. On the other hand, if your dress already has all the elements on it, you can pair it with a simple jewelry that does not make you look overdressed.
